Dear Member of Congress:

We write to urge you to support the Farm Workforce Modernization Act of 2019, HR 5038. The bill is a bipartisan compromise representing the culmination of hard fought negotiations to address the needs of farmworkers and our agriculture system in the context of our broken immigration system. Importantly, this bill recognizes the valuable role of farmworkers in our food system by providing an earned path to legal immigration status and citizenship to farmworkers and their families.

If enacted, the Farm Workforce Modernization Act would provide an opportunity for experienced agricultural workers to apply for legal status if they show employment in U.S. agriculture and meet other criteria. At least half of the nation's roughly 2.4 million farmworkers are undocumented immigrants and immigration relief is urgently needed to address the constant fear of deportation many farmworkers and their children experience. The ability to obtain immigration status and a path to citizenship is key to enabling farmworkers to bargain for better working and living conditions and to challenge serious labor abuses. This legislation would result in a more stable farm labor force and greater food safety and security to the benefit of employers, workers, and consumers.

The bill also would revise the existing H-2A visa program to address concerns of both farmworkers and agricultural employers. The compromise includes concessions made by all sides in this debate and includes both important new protections for farmworkers, such as new protections against trafficking, as well as provisions sought by employers. Importantly, for the first time, the bill would recognize the humanity of those working here under temporary visas by providing a path to permanent status for those who satisfy the specified work requirements.

The Farm Workforce Modernization Act of 2019 is an important step forward and sends a clear signal that there are leaders in Congress ready to engage constructively on immigration and reach across the aisle to develop sensible policies. We encourage you to support this legislation and join this important effort to protect farmworkers and our nation's agricultural system.

Sincerely,
